PROGRAM PURPOSE

To prepare those who wish to provide Creighton Model FertilityCare System with the training necessary to deliver the highest quality of services.

APPLICANT ELIGIBILITY

The program welcomes applications from those with strong motivation and commitment to the very highest quality educational services in FertilityCare.

Those eligible include:

- Registered nurses with current licenses
- Allied Health Professionals with BA or BS degree
- Health or Basic Sciences Behavioral Sciences Education
- Other non-health fields Associate Degree/ Diploma such as:
 - Licensed Practical Nurse Human Services Practitioner
 - Equivalent of two years college study

Further eligibility criteria require applicants to practice the Creighton Model FertilityCare System or, if celibate or postmenopausal, to monitor their fertility and be a philosophical acceptor.

It also requires commitment to adhere to the AAFCP Code of Ethics.

This program recognizes that human sexuality is a function of the whole person and not just a function of its parts. It further recognizes the scriptural notation that we are "created in the image and likeness of God" and that such a philosophical principle ultimately dictates the approach to the human person that will come under the care of the Creighton Model FertilityCare System.

Program Design

The program is a 13-month course of study incorporating two classroom instruction phases and supervised teaching experience. The Creighton Model FertilityCare System and NaProTechnology have been developed through research and education efforts coordinated at Saint Paul VI for the Study of Human Reproduction in Omaha, Nebraska USA.

Mt Carmel Retreat Centre

Varroville, New South Wales
